

"A CITIZEN PETITION DECLARING OPEN DEFIANCE AGAINST

The Joe Biden - Kamala Harris Administration

To the Biden – Harris Administration:

Your plans to fundamentally transform America have been articulated by you and your socialist Democrat conspirator – racketeers over the last couple of years in significant detail. The radical arm of your party wants to build on that fundamental transformation with insane, anti-American policies. In your socialist stupor, you and that radical arm salivate over the possibilities. However, if you think that 75 to 100 million heavily armed Americans are going to stand by and let you complete that fundamental transformation, you are living in an alternate reality. America is and shall be a Constitutional Republic. The U. S. Constitution will be preserved. America will not be bastardized into a global socialist failed utopia by you or anyone else in the socialist Democrat Party. The reign of terror that Progressives have inflicted upon Americans for over 100 years is over.

We make this fair warning to you and all the mesmerized, brainwashed Democrats that somehow metastasized Progressivism into a highly infectious disease in America that has invaded our institutions, schools and colleges, taken over the news media, turned executive cabinets into Democrat political agencies, infiltrated social media, corporate America and the minds of the body politic. Steal an election, yes. Steal our freedom, **NO WAY!**

Should the Biden administration, the federal bureaucracy, or the 117th Congress, attempt to do the following by either executive order, bureaucratic regulation, or Congressional legislation, all at once, or in increments

1. ***Undo the Trump tax cuts, or increase the capital gains tax***
2. *Re-instate any or all of the Trump reductions in regulations*
3. *Undo Trump's trade policies with respect to China and the European Union*
4. ***Re-join the Paris Climate Change Agreement***
5. ***Re-establish the Iran Nuclear Agreement under the JCPOA***
6. ***Remove the sanctions against Iran***
7. *Make any changes to the Trump immigration and border policies*
8. ***Stop building the border wall, render the Customs Border Patrol impotent, or eliminate ICE***
9. ***Grant amnesty, or a path to citizenship, for any or all illegal aliens residing in America***
10. ***Stop all deportations of criminal illegal aliens or overturn Trumps catch and release policy***
11. *Make America a sanctuary nation*
12. ***Pass legislation to implement Medicare for all***
13. ***Implement any aspect of the Green New Deal by phasing out fossil fuels or other socialist GND policies***
14. ***Write any executive orders or pass congressional legislation on Climate Change***
15. ***Outlaw fracking***
16. ***Make Washington DC and Puerto Rico into the 51st and 52nd states***
17. ***Add any justices to the U. S. Supreme Court, also known as "packing" the Supreme Court***
18. ***Repeal the Electoral College or the Senate filibuster rule***
19. *Overtake Citizens United, U. S. Supreme Court decision*
20. ***Waive any portion of the student loan debt, or grant free college tuition to any American***
21. *Repeal the Hyde Amendment*
22. *De-fund or re-imagine the American civilian police force*
23. *Repeal Capital punishment*
24. ***Implement a nationwide lockdown of businesses or wearing of masks in response to the Coronavirus***
25. *Eliminate charter schools and/or increase the social and equity indoctrination of our school children*
26. ***Reduce or eliminate the Second Amendment by law or heavy taxation on guns and ammunition***
27. *Institute nationwide cashless bail, early releases, or reduce or alter the American criminal code*
28. ***Eviscerate, repeal, or alter, all or any portion of the Bill of Rights contained in the U. S. Constitution***
29. ***Allow the Environmental Protection Agency (EPA) or the Endangered Species Act (ESA) to run wild with environmental rules and regulations that threaten or endanger constitutionally protected property rights***

..... your actions could very easily cause an uprising in America the likes of which will make the riots of the 1960's and 2020 pale in comparison, by millions of Americans that will give their all to preserve, protect and defend the Constitution of the United States. The Sun will rise once again on our Constitutional Republic and your Absolute Democrat Socialist Monarchy will fade into the dark pages of history where all failed political systems reside. You are playing with fire and you are about to get burned. History has shown that freedom always prevails in the end no matter what the cost.

The Unanimous Declaration of United States of America Conservatives

Some ordinary men, with vision and the wisdom of age and experience in a time of turmoil and confusion, gathered together on the distant shores of a new land and laid down a 'blue print' for free men and women with common purpose and resolve to live out their lives and govern their individual and collective affairs by adhering to that 'blue print'. The guidance of that 'blue print', through 160 years of significant change, allowed a free society to pioneer, grow and prosper into the strongest nation in all of recorded human history. In the mid 1930's a much heralded shift in the 'blue print' was made by a well-meaning, but not-so-wise group of people, responding to the perceived national threat of the Great Depression, forever altering that "blue print" to such an extent it would have filled the hearts and minds of its founders with loathing and disgust. The alteration was deceptively simple. Just pervert the phrase in the U. S. Constitution where it states '..... and promote the general welfare'. And promote they did. As anyone with any vision at all can see, their promotion has brought them years of immense power and signaled the beginnings of a drastic erosion of our individual freedoms and strength.

As conservative Americans we have stood by and in some cases even participated, in this wholesale control of every aspect of our lives, by a Government bent on "**keeping us in control**". Remember, when you ask for something from your Government, such as direct handouts or subsidies, as many of you have, the Government slaps an invisible handcuff right around your wrist, binding you to the Government. It will take a huge ground swell of millions of Americans to allow us to break free. **There is no escape without taking a national stand by millions of determined patriots.**

We are firmly convinced that re-establishing the basic principles upon which this great country was founded is one of the highest priorities of American citizens. To do otherwise is to allow the steady erosion of our basic rights and freedoms to continue unabated by a Government, high tech, corporate America, academia and the news media who have lost all allegiance to those principles. To do otherwise could render our Constitution irrelevant, our citizens in invisible chains, an irreversible march to globalism, and our very sovereignty and our heritage at risk of breaking down.

We do not advocate for or condone violence. Our goal is not to overthrow the United States of America, but to return it to its original foundation of individual freedom and unalienable, God-given, natural rights under a Constitutional Republic. We demand nothing less and ask for nothing more.

You, your administration and all Democrats that support you, are corrupt and without honor. In furtherance of this Unanimous Declaration, millions of free conservative Americans hereby throw down the gauntlet at your feet and challenge your presidency and your socialist policies! If you want war to defend socialism, you will get war. If you want peace and are willing to back down, you will get peace. Ignore us at your own peril.
